Dysart Council Hold Inaugural Meeting

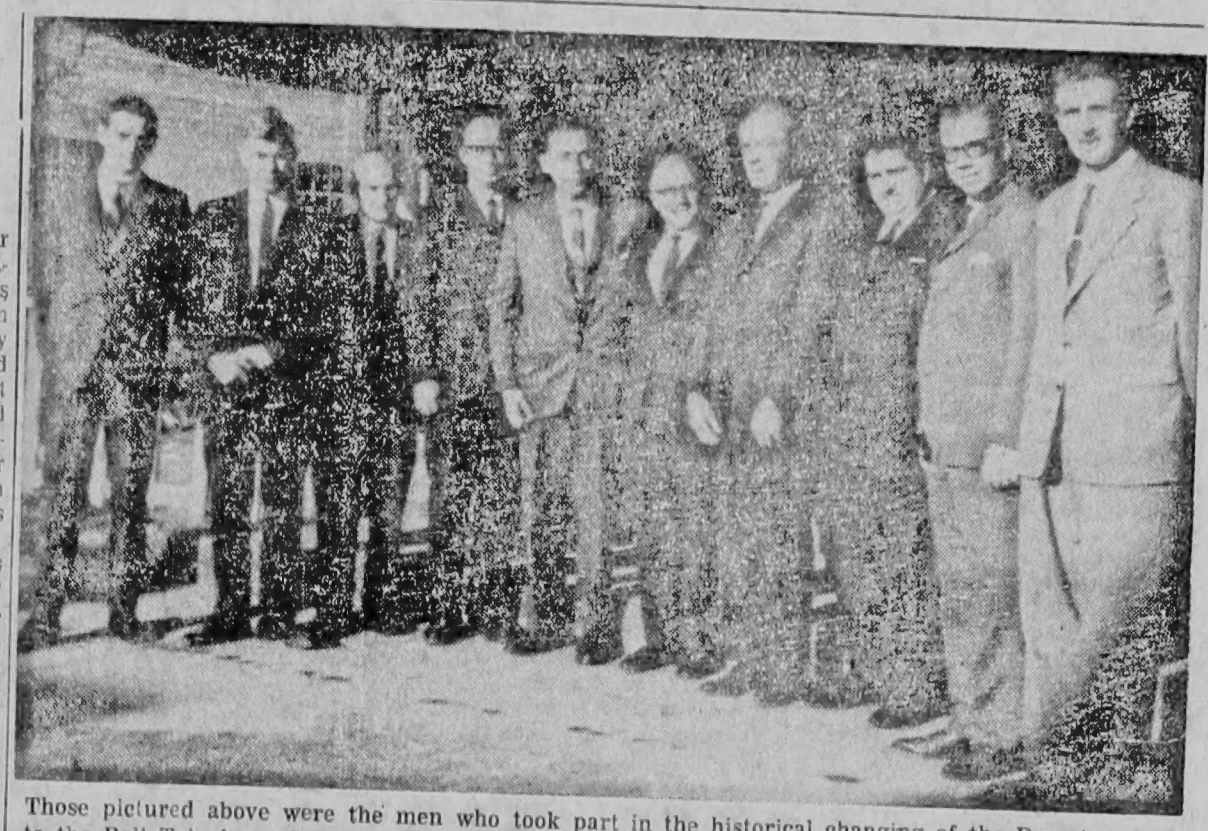
Dysart Council held their inaugural meeting on Monday with two new faces at the table, namely Deputy Reeve Holly Sisson and Councillor Lawrence Morrison, along with former members Reeve Roy Brohm and Councillors Harold Bannon and Lloyd Coneybeare all being present for the lengthiest meeting in some time. Council commenced its deliberations at 9 a.m. and it was after 6:30 p.m. in the evening when the meeting concluded.

Following the reading and approval of the minutes of the previous meeting, Council gave their attention to General Accounts which came to a total of $6,641.94 and Road Accounts amounting to $10,216.16, which were passed after due discussion. It was the Welfare Accounts that really raised the ire of the Council, as said accounts amounted to $1,529.69; as compared with $999.82 for the same period one year ago. Deputy Reeve Holly Sisson moved a resolution that a letter be sent to the Department of Welfare drawing their attention to the fact that this is a designated area, and that despite this fact we seem to be having people dumped into this municipality from across the country which has caused welfare costs to reach an all time high. It was pointed out that at one time welfare could be charged back to the municipality or town where the parties had come from for a period of one year, but now it would appear that they are the responsibility of the municipality the day they move in.

Dysart and the Township of Snowdon, it would appear, are at odds over fire protection. This municipality rendered a bill to the Township of Snowdon for the sum of $134.00 for fire fighting service, who claim that as they have an arrangement with Anson, Hindon & Minden they are responsible for the said account. The bill was then sent to Minden and they have refused payment. Snowdon is to be notified that in future no further trips will be made into Snowdon Township until this matter is straightened out.

Those appointed to the various boards are as follows: **Cemetery Board** - Cliff Kellett, Cliff Elstone, Bert Curry, Roy Brohm, Mark Dean, Wayne Wood; **Board of Health** - Dr. Good, Cecil Winter, Jack Whitfield; **Winter Work** - Roy Brohm, Holly Sisson; **Dysart Community Centres Board** - A. J. LaRue, Mark Schell, Grant Rae, Cliff Elstone, John Consack, Harold Bannon, Lawrence Morrison; **Harcourt Community Hall Board** - Harcourt Pacey, Chester Schwandt, Gary Stoughton, Neil Burroughs, Leonard Donaldson, Lloyd Coneybeare, Harold Bannon; **Library Board** - Marie Wallace, Betty Dawson, Dorothy Baker, Harvey Armstrong, Anita Smith, Lloyd Coneybeare.

Apparently the announcement that a stop light would be installed at the intersection of Highland and Maple Streets is somewhat premature, as there are many things to be taken into consideration before such action can be taken, and we understand that it will be at least two years before any such action can be taken. This matter was up before Council for discussion, and from correspondence tabled stop lights at this location will not be installed in the near future.



Those pictured above were the men who took part in the historical changing of the Dysart system to the Bell Telephone Company here in this county. From left to right: David Bishop, legal advisor; Vinton Loucks, chairman of the commission; Jack Robertson, commissioner; Wayne Wood, clerk of Dysart; Mr. W. Osler, Bell representative; Mr. M. L. Brown, Bell representative; Roy Brohm, Reeve of Dysart; Gary Agnew, commissioner; Earle Casey, manager; Russell Bain, commissioner. The signing of the Bill of Sale took place on Tuesday, December 19, 1967.

Victoria-Haliburton Health Unit Budget Figure Of $165,000 Set

Victoria - Haliburton Counties Health Unit committee last Friday set a tentative budget figure for the first year's operation and appointed a Secretary-Treasurer for the committee, at a meeting held in Lindsay.

After consideration of staff requirements, including a medical health officer, public health nursing superintendent, a chief inspector, public health nurses, clerical staff, equipment and rent for office space, the committee arrived at a tentative budget of approximately $165,000 for the first year. Based on nine months of operation in 1968 the net figure after subsidy was estimated at $75,000. Committee members considered the resulting per capita cost of just over $2 as being a reasonable figure.

The committee considered the advisability of hiring a Secretary-Treasurer for the two county unit and District Health Supervisor Dr. Allan of Kingston, who attended the meeting, pointed out in more than fifty per cent of the county units in operation the County Clerk-Treasurer also served as Secretary-Treasurer of the county health unit.

After considerable discussion a motion was passed hiring Frank L. Weldon, Clerk-Treasurer of Victoria County, as Secretary-Treasurer of the Victoria - Haliburton Counties Health Unit, at a salary of $175 per month.

"Each municipality should save a considerable amount of money on the County Health Unit as compared to separate municipal units," commented Charles Brandon, Reeve of Anson, Hindon & Minden, and one of three Haliburton County representatives at the meeting. Other Haliburton representatives attending were Haliburton County Warden Roy Brohm and Reeve Robert Beeney.

Victoria County representatives were Chairman Milburn Hutchinson, Reeve of Ops Township, Alvin Franks, Reeve of Emily Township, and Victoria County Warden Jack Campbell, Reeve of Woodville.

Dysart Council Oppose C.N.R. Centralization

The new proposed changes in the present C.N.R. system and the long range effect that they will have in this area came in for considerable discussion at the Dysart Council meeting on Monday.

No less than six letters were read from different firms strongly objecting to the proposal to have the railway operations centralized in Peterborough and the removal of a steady agent in Haliburton. Under the new order our local depot is to be operated on a caretaker basis for four hours per day.

After hearing all the facts regarding the new set-up, Council moved to have the Clerk dispatch a strong protest to our Members of Parliament, the Minister of Transport, the Minister of Northern Affairs, with a copy being forwarded to Mayor John Parkins of Lindsay to secure the support of the Lindsay Town Council in this matter.

It is the feeling of the Dysart Council that the idea is to curtail railway service to the extent that sufficient business will be lost to provide an excuse to lift the rails because the operation is loosing money.

Meeting To Be Held Thursday

A meeting is being held on Thursday, January 18 at 8 p.m. in the Dysart Community Arena Auditorium to bring the latest information about maple products to this area.

Mr. Walter Humphries of Barrie, who is Secretary of the Ontario Maple Producers, has been busy this year collecting all types of information of interest to syrup makers. He has slides on how to use plastic tubing to gather sap, and on the various methods of marketing maple products.

The meeting is open for anyone interested in the sugar bush or even just curious about modern methods of management.

Miro Mines To Drill New Uranium Group

Miro Mines is planning an immediate diamond drilling program on its recently optioned uranium prospect in Snowdon Township, Southeastern Ontario, it is gathered from unofficial sources.

The property, consisting of 48 claims, is located a few miles south of Minden, about 40 miles west of Bancroft, Ontario.

Original plans to carry out scintillation counter surveys over the area of interest have been frustrated by snow conditions. A snow covering, of course, acts as a blanket, obscuring radioactive readings and nullifying the efficiency of scintillation counter surveys, prompting a change in Miro's exploration procedures. Company officials decline comment as an amendment to the prospectus must be filed with the O.S.C. to reflect a change in planned exploration procedures.

Mr. Mel Broughton, High School Representative, met with Council to discuss the proposed County School Area.

Mr. Murray Agnew, on behalf of the County Chamber of Commerce, spoke on a proposal regarding a Camp Site of approximately 2,000 acres in Monmouth Township. Council advised writing to the Department of Lands and Forests to see what aid could be expected in its development, because it concerned Crown land.

By-Law No. 1-68 for bank loan and By-Law No. 2-68 re Bell Telephone Company were approved by Council.

Homes Destroyed By Fire

One of Little's Cottages at Black Lake was destroyed by a fire of unknown origin on Monday morning. There was no one at the cottage when the fire was noticed, and by the time the Dysart Fire Department arrived on the scene the blaze had made such headway that all the firemen could do was to quell the flames and prevent them from spreading to other buildings.

Fire completely destroyed the dwelling of Charlie Woodcock in Eagle Lake early on Tuesday morning last. At 10:30 p.m. on Monday the local fire brigade received a call informing them of the fire, and 20 minutes later they were at the scene. Although working under a handicap of 40 below zero weather they had the fire under control in a few minutes. They waited around for some tiime and left the small tank in case the fire might break out again which it did around 12:30 a.m., and in no time it was out of control and by the time the local fire fighters got back on the scene the building was beyond saving.

OBITUARY

After a brief illness Mr. Harry Robertson passed away in the Minden Red Cross Hospital on Monday, December 18, 1967, in his 92nd year.

The eldest son of the late Henry and Jessie Robertson, Harry was born in Glasgow, Scotland in 1876, and came with his parents to Canada at the age of four years. The family later settled on a farm in Lutterworth Township, and then moved to the headquarters farm of The Rathbone Lumber Company in the Township of Anson.

Mr. Harry Robertson attended the district schools and carried on farming and lumbering for many years. He sold the Rathbone farm, now known as the Robertson farm, in 1945, and retired to Toronto. In 1965 he moved to Wilberforce where he lived for a year, then moving to the Hyland Crest Home in Minden.

He was a Presbyterian, and served as a school trustee, and a member of council for some years, and in his pleasant and unassuming way made many friendships.

Left to mourn his passing are three sisters and a brother, Mrs. R. Wilson (Charlotte) and Mrs. F. Herlihey (Jean), both of Minden, Mrs. H. Van Winckel (May) of Toronto, and George of Terrace, B.C. Two sisters predeceased him, Jessie and Mrs. W. Smith (Elizabeth).

A Masonic Service was held on Wednesday evening at the Welch Funeral Chapel. The funeral service was conducted by Mr. Kenneth McAllister of the Wilberforce United Church on December 21, with intement in the Minden Cemetery.

The pallbears were Richard Kirkwood, Albert Pogue, Vinton Loucks, and great nephews Robertson Herlihey Jr., Karl Marcus and Paul Stepenak.

PERSONALS

NOW AVAILABLE...

Group Medical Services Insurance with OMSIP.

From the first of January 1968,
the Ontario Medical Services Insurance Plan will accept
applications for Group Insurance coverage.
You will find several advantages in this new provision:

SMALL GROUPS:

Now group coverage is available to small groups too. OMSIP will offer group insurance to small groups—minimum size 6 persons. Since other plans have in many cases required a minimum of at least 20 persons to obtain group coverage the new OMSIP plan will widen the availability of medical insurance to many small groups, as well as large.

COLLECTOR AND EMPLOYMENT GROUPS:

An innovation offered by OMSIP group coverage is its availability to groups with some common bond other than employment. For instance, members of a business or professional association might form a group in order to take advantage of more convenient medical insurance coverage. Employment groups, those made up of people at a common place of employment, are of course also eligible.

RATES:

The same low OMSIP rates will be available to groups as they are to individuals:

TYPE OF CONTRACT	YOU PAY
• The single person	$ 5.00 every month
• The family of two	$10.00 every month
• The family of three or more	$12.50 every month

Effective Dates of Coverage:

A) If the applicant applies within 30 days of the termination of coverage by a group medical insurance plan, OMSIP coverage begins on the day following the termination of the former coverage.

B) OMSIP coverage of other group applicants becomes effective three months following the date when application is received and approved.

OMSIP helps pay your doctor's bills. OMSIP pays 90% of Ontario Medical Association schedule of fees.

WE GET LETTERS

Teachers get some pretty funny notes from parents, explaining the absence of a pupil. Usually it's because the harassed mother or father stabs down anything at the last minute, as the kid, heading for the door, and already late, screams in dismay: "Oh, I gotta have a note."

Thus you get such things as, "Please excuse Jane's grandmother for being absent due to her illness." The baffled teacher finally figures out that granny had the 'flu and Jane had to stay home and look after her because Mom can't miss a day at the shoe factory, because that's the only way she can muster enough money to buy Jane some decent clothes so she can go to school, so she can be a real whiz and help out Granny and Mom.

Sometimes the notes are not so funny. "Please excuse Jim for being late as he had to appear in court this morning for drunk and disorderly, but it was the other guy's fault."

Well, teachers aren't the only ones who receive sad and funny letters. The rest of the column will be made up of sentences taken from actual letters received by the Toronto Welfare Department from applicants for aid and assistance.

They may explain why English teachers look so stunned so much of the time. The sentences will be in quotation marks. The comments will be whatever comes to mind.

"I am very annoyed that you have branded my son illiterate as this is a lie. I was married to his father a week before he was born." She didn't mean illiterate. She meant illegible.

"In answer to your letter, I have given birth to a boy weighing ten pounds. I hope this is satisfactory." Really, what could be more satisfactory?

"Unless I get my husband's money pretty soon, I will be forced to lead an immortal life." And good luck to you, Missus. There should be a lot more of that type of positive thinking in the world.

"Mrs. Jones has not had any clothes for a year and has been visited regularly by the Clergy." No comment.

"This is my eighth child, what are you going to do about it?" What, indeed? It's certainly time somebody did something. Or stopped doing something.

"I am glad to report that my husband who was reported missing is dead." Now there is a sentence of which Hemingway would be proud. Not a syllable too much or too little. The emotion is restrained. Note that she said "glad", not "delighted".

And here's one with the same theme, but a different twist. "Please find for certain if my husband is dead, the man I am living with can't eat or do anything until he finds out." There's drama for you. There's tragedy. Think of the poor devil, starving to death, unable to smoke or drink or pick his teeth or pull the fluff out of his belly-button.

Here's another that shows a nice respect for bureaucracy. "In accordance with your instructions, I have given birth to twins in the enclosed envelope." And they thought The Pill was a big deal!

Another mom writes, "I cannot get sick pay. I have six children. Can you tell me why?" There's a beautiful logic there somewhere, if you could just put your finger on it.

"I haven't any children as yet as my husband is a bus driver and works day and night." But think of all that overtime.

And finally. It sounds like an old chestnut, but teachers actually get notes like this. "I want money as quick as I can get it. I have been in bed with the doctor for two weeks and he doesn't do me any good. If things don't improve, I will have to send for another doctor."

LET'S LOOK AHEAD AND BE PROGRESSIVE

VOTE "YES" ON MONDAY, JANUARY 15TH

We are not back in the horse and buggy days!! We must look ahead and be progressive in our thinking.

If we are going to continue to earn a living here in Haliburton County, we must look after the hand that feeds us — The Tourist Industry.

We must above all costs give our summer residents all the service, and up-to-date facilities, we can.

Besides, the people of Minden and area are entitled to the same rights and privileges as their next door neighbour.

We must not let a few narrow minded thinking people hold our future back.

We are living in a stepped-up area and must keep up. High cost of living is here — we must assure ourselves by progressive thinking of a bright and prosperous future. A vote "YES" will help give us this.

A modern fast growing community deserves modern thinking, and modern thinking is the same approach to the licensing of Cocktail and Dining Room Lounges under the strict control of the L.C.B.O.

To Vote Yes Place A Plain X In Top Space Of Each Ballot

Practical Christianity

By GLEN R. PITTS

I cannot help but be amazed at the diversity of definitions with regards to the term "Christian". This word has been misunderstood and misapplied many times. Ask ten people and you get ten different answers.

You may live in a so-called Christian country full of churches, religions and Books; you may be a member of a Christian family and be a morally upright person; you may preach from a pulpit or belong to some Christian organization, you may sing in the choir or be a Sunday School teacher; you may serve on the church board or give faithfully to the church and other charitable organizations — but none of these make you a "Christian". A Christian is a converted sinner - a sinner saved by grace. The Bible says in Ephesians 2.8: "For BY GRACE are ye saved THROUGH FAITH and that NOT OF YOURSELVES, it is the gift of God; NOT OF WORKS lest any man should boast."

CHRISTIANITY IS MORE THAN PROFESSION . . . IT IS POSSESSION! A possession which works two ways. The Christian possesses Christ and Christ possesses the Christian. "Christ in you, the hope of glory," declared Paul. That is possessing Christ. He not only is accepted as Saviour of your soul, but also as Lord of your life. Again Paul says, "Now you are in Christ Jesus". That is being possessed by Christ. This double-barrelled or two-way possession is Christian reality. Anything less is to distort and misunderstand the proper meaning of the term "Christian" or "Christianity".

Do I possess Christ? Does Christ possess me? Each man must settle these questions for himself. Mere profession of certain dogmas, however sound, mere application of certain ethical precepts, however virtuous, are a far cry from properly construed and authentic Christianity. To be a Christian is to possess and be possessed by Jesus Christ. To have Christ is to have all one needs for time and eternity.

A man may go to heaven
without health
without wealth
without fame
without a great name
without learning
without big earnings
without culture
without beauty
without friends
without 10,000 other things
BUT HE CAN NEVER GO TO HEAVEN WITHOUT CHRIST.

Jesus said in John 14.6: "I am the way, the truth, and the life: no man cometh unto the Father, but by me."

"Believe on the Lord Jesus Christ, and thou shalt be saved."

We invite your observations and opinions. Please send them to:

Pastor Glen R. Pitts,
Gooderham, Ontario.

Thoughts On Churches

Two little churches
In a small community,
Fixing up their buildings
Without a thought of 'unity'.

Just imagine if you will
The fracas there will be,
Deciding which church to use
After 'unity'.

No one in the congregations
So it seems to me,
Has the slightest wish to see
The day of 'unity'.

For in such a small place
Where money is hard to find,
They surely would have wished to see
Their building funds combined.

To build a church
Large enough for future generations,
A simple Christian act of Faith
By the present congregations.

Aunt Annie Howe's Words Of Wisdom

The secret of happiness is not in doing what you like, but liking what you do — I am so glad that Jesus loves me. Proverbs 15.3.

This is a month of happiness as Christ was born to save the world from sin. God means us to be happy, he fills our short lives years with loving tender mercies with smiles as well as tears.

What life has not its blessing
Who hath not song to sing
grateful words to utter or gift of love to bring?

Happiness is a perfume you cannot pour on others without getting a few drops yourself. The surprising thing about happiness is that you can lend it to others and still keep it. Happiness, in entering a room, dispels gloom and fear, and causes it to grow in our hearts. But we cannot buy our happiness in the market where we buy our luxuries; it comes from within.

Shall we pray with the words of the early Christians: 'O Lord God, Holy lover of my soul; When Thou comest into my soul all that is within me shall rejoice; Thou art my glory and the palpitation of my heart; Thou art my help and refuge in the day of my trouble; Nothing is sweeter than Thy love, nothing more courageous in heaven and earth; because all love is born of God and cannot rest but in God; And all created things; Let me love Thee more than myself or love myself but for Thee.'

Talk happiness! The world is sad enough without our woes: no path is wholly rough — look for the places that are smooth and clear. Speak happiness to rest the weary cares of earth so hurt by one continuous strain of human discontent of grief and pain.

So God bless us all as we serve our God in happiness this Christmas season; He is still with us.

Mrs. Annie How

Uncle Dudley's Column

My first duty, Sir, is to thank you for the space afforded me in your paper over the months of 1967.

Our Centennial Year, with all its thrills and fiascoes, is now history and we have time or should have time to contemplate some of our records.

At this time of Peace on Earth we are reminded of the unrest in the world. The last century has witnessed the greatest advance in science, over any similar period in history. May we ask just what use we have made of this knowledge? Two World Wars and a multitude of minor national upheavals, and now a host of minor wars and national riots.

It would appear that we are making wrong use of our know how. Would it be better if the monies used in the race to keep company with the Man in the Moon were used to raise the standard of living for many of our **have not** folk.

A good New Year's resolution for us to make and keep would be to have more thought for our neighbour and less for ourselves.

I should also thank those readers who have complimented me on the article of the Carnarvon Store. One comment suggested I might be wrong on some dates: I am not — the majority of these were taken from our store records and a more or less hit and miss diary of my father's, giving dates of certain happenings.

For 1968, I have often been asked to write an article on my two score years of public life. It would be quite a task but it may be possible, time will tell.

May I wish all readers a very happy and prosperous New Year

Miss Sharon Coulter was her sister's maid of honour, and she wore a floor-length gown of apricot peau d'elegance, empire waist style, elbow-length white gloves, a silver tiara and pearl earrings, a gift from the bride. She carried a nosegay of bronze chrysanthemums.

Junior bridesmaids were Miss Shelly Hanson and Miss Cheryl Sodmont who wore short A-line dresses of apricot peau d'elegance with white lace overlay on the yoke, white knee socks, short white gloves, silver tiaraa and pearl pendants, gifts from the bride. They carried nosegays of bronze mums.

Best man for his brother wa. Ken Munro of Edmonton, Alta. and ushers were Art Hanson and Bill Phersson.

A reception was held at the Legion Hall, which followed the same colour scheme of yellow mums and bronze and yellow daisies. Yellow and white streamers and white bells from the ceiling formed an attractive background. The bride's mother received wearing a green lace dress with matching jacket, beige accessories and corsage of Talisman roses. She was assisted by the groom's mother wearing a turquoise brocade dress with matching jacket, silver accessories and corsage of pink roses.

The bridal table was centred with a three-tiered wedding cake with Talisman roses and silver doves.

Mr. Jim Robinson was master of ceremonies, and Mrs. Robinson was in charge of the guest book. Toast to the bride was proposed by Mr. Jack Caldwell, to which the groom replied.

Jeff Barry's orchestra provided music for dancing. The flower thrown from the bride's bouquet was caught by Sharon Coulter, and the blue garter by Ken Munro.

For the honeymoon in the U.S.A. the bride wore a chocolate brown three-piece knit suit with brown and beige accessories and a corsage of Talisman roses.

Out of town guests were Mrs J. C. Beaton of Penticton, B.C., grandmother of the groom wearing a corsage of white mums and silver ribbons, Mr. and Mrs. Angus Coulter of Minden wearing a corsage of white mums and gold ribbons, Mr. and Mrs. James Cooper of Haliburton wearing a corsage of white mums and pink ribbons, Mr. and Mrs. Manuel of Penticton and Miss Lois Cladwell of Victoria, B.C.

Abattoir Builds Treatment Works

Construction is underway on a $15,000 waste treatment project of Lakehead Co-Operative Abattoir Ltd., in the Township of Oliver, near Fort William.

The facilities, recently approved by the Ontario Water Resources Commission, include a waste collection system, a grease skimming unit, pumping station, and stabilization ponds.

Expected to be in operation shortly, the system will use the "fill and draw" principle, where treated effluent will be discharged to a nearby stream, Corbett Creek, only when stream flow is sufficient to maintain O.W.R.C. water quality objectives.

Bulk blood, paunch manure and offal will be collected for separate disposal.

When Is A Gift A Treat?

Some people are hard to please, or they are supposed to be hard to please. If we were able to ask each other, point blank: "What would be the greatest treat you could have at this moment?", the reply would be astounding. All would be for some easy attainable thing. In reply to our question, if we have doubted the silence of our friends, their confessions is for nothing beyond just a simple gift.

Presents are the reverse to treats. Presents stand for the expenditure of money, rather than of love. A baby boy or girl is heaped up with presents, but he or she does not know what a treat is. They never will know.

If fathers and mothers love their children and are interested in them, they will never be bored and will all of their lives appreciate simple little treats. But if mothers and fathers are not interested in their children, the children are not interested in nothing. They do not understand treats, they are bored, and rush about looking for excitement.

Children who are loved, and parents who take interest in them, grow up immune from boredom. They will become unselfish and will take delight in small things.

Parents who are about to give a present to their child should pause and substitute a treat. Treats last longer than presents, they last forever.
